POWER TOOLS

ROCKWELL WARRANTY

Rockwell is proud of the quality of the power tools which it sells. The component parts of our tools are inspected at various stages of production, and each finished tool is subjected to a final inspection before it is placed in its specially designed carton to await shipment. Because of our confidence in our engineering quality, Rockwell agrees to repair or replace any part or parts of Rockwell Power Tools or Rockwell Power Tool accessories which examination proves to be defective in workmanship or material. In order to take advantage of this guarantee, the complete portable power tool or accessory, or in the case of machinery, the part must be returned prepaid to the appropriate factory, Rockwell service center, or authorized service station for examination. This guarantee, of course, does not include repair or replacement required because of misuse, abuse, or normal wear and tear. Repairs made by other than our factory, service center or authorized service station, relieves Rockwell of further liability under this guarantee. THIS GUARANTEE IS MADE EXPRESSLY IN PLACE OF ALL OTHER GUARANTEES OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO QUALITY, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE.

ROCKWELL GREEN LINE POWER TOOLS ...THE WORLD'S SAFEST!

SHOCKPROOF! Double insulated to protect the user against electrical shock. No grounding or three-wire plug adapter needed.

BREAKPROOF! Free housing replacement if the housing ever breaks, cracks or splits.

SAFETY ENGINEERED FOR YOUR PROTECTION

Safety barriers are placed between a possible electrical leak and your hand: A non-metallic integral housing provides 1) non-conductive case, 2) structural frame and 3) structural gear housing; 4) non-conductive armature shaft sleeve; 5) non-conductive phenolic brush holders; 6) hard nylon fan; 7) remote control safety switch with non-conductive thermo-plastic shield.
